

Food

- Your group is responsible for all of its own meals, drinks and snacks.
- Lunch is normally provided for groups working with Hosanna Industries on a Saturday.
- Lunch break is typically 20-30 minutes in length and lunch is eaten on the worksite with the household and staff. A Hosanna Industries Mission Worker will announce when lunch will start. We ask that everyone stay on site during this time and throughout the day.

Specifically for volunteers staying in the dorm:

- You may bring food with you to store in our fully equipped kitchen or you can purchase food items once you get here from nearby grocery stores/ Super Walmart.
- Breakfast should be consumed and lunches and coolers packed and ready to go before we meet in the morning for devotions (time may vary). Hosanna Industries provides coolers for lunch storage, water coolers and ice.
- Dinner should be scheduled for 6 or 7 pm. These times will vary based on job location and end time. Remember - Be flexible.
