### Independent Auditor's Report

We have audited the accompanying financial statements of Hosanna Industries, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2015 and 2014, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

#### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above, present fairly, in all material respects, the financial position of Hosanna Industries, Inc. as of December 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **HOSANNA INDUSTRIES, INC.**

### **NOTES TO FINANCIAL STATEMENTS**

**December 31, 2015 and 2014**

#### **NOTE A - NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES**

##### **Nature of Operations**

Hosanna Industries, Inc. (the Organization) was formed in 1990 as a non-profit corporation, pursuant to the Commonwealth of Pennsylvania non-Profit Corporation Laws.

The Organization's primary mission is to provide home construction, repair, and rehabilitation for low income persons living in deteriorating housing. In addition, the Organization is committed to:

- Providing vocational training for unskilled workers, particularly in the construction trades;
- Providing assistance in the development and start-up of small businesses by persons who lack the economic ability and expertise to do so without assistance;
- Creating job opportunities for unemployed persons;
- Mobilizing relief workers to areas of disaster and poverty.

The Organization's operations are primarily funded from contributions received from individuals, churches, businesses, and foundations. In addition, the Federal Home Loan Bank provides funding for the direct cost incurred on specific projects. The majority of the donors are located in Southwestern Pennsylvania.

##### **Basis of Accounting**

The Organization prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

##### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

##### **Cash and Cash Equivalents**

Cash and cash equivalents include investments in highly liquid debt instruments with original maturities of three months or less, excluding amounts held in investments which are subject to the Organization's Investment Policy Statement. The Organization maintains cash and cash equivalent accounts, which may, at times, exceed federally insured limits.

##### **Investments**

Investments in marketable securities with readily determinable fair values and all investments in debt securities are measured at fair value in the statements of financial position. Investment income (including realized and unrealized gains and losses on investments, interest, and dividends) is included in the change in unrestricted net assets unless the income is restricted by donor or law.

## HOSANNA INDUSTRIES, INC.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2015 and 2014

#### **NOTE A - NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

##### Investments (Continued)

Although the Organization's investments are invested in a variety of financial instruments, the related fair values, as presented in the financial statements, are subject to various market risks including changes in the equity markets, the interest rate environment, and economic conditions. Due to the level of risk associated with investment securities, it is reasonably possible that the fair value of investments reported in the accompanying statements of financial position could materially change in the near term.

##### Accounts Receivable

Accounts receivable are reported at net realizable value. Accounts are charged to bad debt expense when deemed uncollectible based on a periodic review by management. The potential risk of loss is limited to the amounts recorded in the financial statements. The allowance for doubtful accounts is estimated based on a periodic review of individual accounts by management and past experience. There was no allowance for doubtful accounts at December 31, 2015 and 2014.

##### Property and Equipment

Property and equipment are recorded at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets. Repairs and maintenance which do not extend the lives of applicable assets are charged to expense as incurred. Included in property expense is \$6,250 paid to a related party for grounds and maintenance for the year ended December 31, 2015.

Gifts of long-lived assets such as land, buildings, or equipment are reported as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

##### Donor-Restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. Permanently restricted net assets are those whose use by the Organization has been restricted by donors to be maintained by the Organization in perpetuity. Temporarily restricted net assets have been limited, by donors, to a specific time period or purpose. When a donor restriction expires or has been met, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statements of activities as net assets released from restrictions. Contributions received with donor-imposed restrictions that are met in the same year in which the contributions are received are generally classified as unrestricted contributions.

**HOSANNA INDUSTRIES, INC.**

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

December 31, 2015 and 2014

**NOTE A - NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES  
(CONTINUED)**

**In-Kind Contributions**

The Organization receives donated material and services from various individuals and organizations. Donated services that (a) create or enhance a nonfinancial asset or (b) require specialized skills, are provided by individuals possessing those skills, and would need to be purchased if they were not donated are recorded as contributions in the statements of activities. Donated services such as fundraising, clerical assistance or other volunteer efforts not requiring specialized skills are not recorded in the statements of activities. For the years ended December 31, 2015 and 2014, donated services were obtained largely from unskilled volunteers; therefore, the value of those contributed services has not been reported.

**Income Taxes**

The Organization is a nonprofit corporation that is exempt from federal income taxes under Internal Revenue Code Section 501(c)(3) and classified by the Internal Revenue Service as other than a private foundation. The Organization is also exempt from state income taxes. Accordingly, no provision for income tax is recorded in these financial statements. However, income from certain activities not directly related to the Organization's tax-exempt purpose is subject to taxation as unrelated business income.

**Concentration of Risk**

The Organization is funded by contracts, grants, and various contributions. The Organization received approximately 11% of its funding from one funding source for the year ended December 31, 2015.

## **HOSANNA INDUSTRIES, INC.**

### **NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

December 31, 2015 and 2014

#### **NOTE A - NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

##### Functional Allocation of Expenses

The costs of providing activities and programs have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among programs and supporting services benefited. Expenses are allocated on the following functional basis:

- *Field Programs Expenses:* Costs associated with the materials and mission labor directly associated with construction, repair, and rehabilitation projects. These expenses accounted for 76% of total mission expenses for each of the years ended December 31, 2015 and 2014.
- *Operational Programs Expenses:* Costs associated with the operational support activities of the mission workers. These costs are not identifiable with any specific project but they provide operational support and direction to the Organization. These expenses accounted for 12% and 13% of total mission expenses for the years ended December 31, 2015 and 2014, respectively.
- *Program Development Expenses:* Costs associated with the development and implementation of programs designed to increase foundation, church, individual, and local business support. This category also includes costs for any special events conducted by the Organization. These expenses accounted for 12% and 11% of total mission expenses for the years ended December 31, 2015 and 2014, respectively.

##### Subsequent Events

Management evaluated all activity of the Organization through February 16, 2016, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes.

##### Reclassifications

The financial statements for 2014 have been reclassified to conform with the presentation for 2015. Such reclassifications had no effect on the results of operations.

#### **NOTE B - INVESTMENTS**

The Organization has developed and implemented an Investment Policy Statement (IPS). Objectives of the investment policy include maintaining the purchasing power of the current assets and all future contributions to ensure that the level of programs and services is maintained or increased; maximizing return within reasonable and prudent levels of risk; and maintaining an appropriate asset allocation base on a total return policy that is compatible with a flexible spending policy, while still having the potential to produce positive real returns. The Organization intends to follow general “safe harbor” rules including the use of prudent experts to make the investment decisions; demonstrate that the prudent expert was selected by following a due diligence process; give the prudent expert discretion over the assets; and monitor the activities of the prudent expert to ensure that the expert is performing the agreed upon tasks.

## HOSANNA INDUSTRIES, INC.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2015 and 2014

#### **NOTE B - INVESTMENTS (CONTINUED)**

The investment guidelines are based upon an investment horizon of greater than 10 years. The portfolio's strategic asset allocation is also based on this long-term prospective. The desired investment objective is a long-term rate of return on assets that is at 7% to 8%. There are no short-term liquidity requirements anticipated within the current horizon. The stated goal of the portfolio is to grow the assets to a point where the income could be used to offset administration and other costs of the Organization.

The following asset classes and their corresponding Strategic Ranges were selected and ranked in ascending order of risk/return characteristics:

<u>Peer Group</u>	<u>Allocation</u>	<u>Lower Limit</u>	<u>Upper Limit</u>
Cash / Money Markets	5%	0%	20%
Fixed Income	35%	25%	45%
Stocks / Equities	60%	50%	70%
Other	0%	0%	20%

The investment committee recognizes that some risk must be assumed in order to achieve the investment objectives of the portfolio. In establishing the risk tolerances, the ability to withstand short and intermediate term variability were considered. The committee intends to evaluate investment performance from a long-term perspective. Performance will be evaluated based upon 1) achievement of the long-term rate of return target of 7% to 8% and 2) returns relative to a blended benchmark consistent with the strategic targets for the assets, consisting of 60% S&P 500 Total return Index / 40% Barclays Capital Aggregate Total Return Index.

The investment committee will review at least annually all costs associated with the management of the portfolio and additionally the IPS to determine whether stated investment objectives are still relevant and continued feasibility of achieving the same. It is not expected that the IPS will change frequently. In particular, short term changes in the financial markets should not require adjustments to the IPS.

Fees related to investments totaled \$12,158 and \$12,724 for the years ended December 31, 2015 and 2014, respectively.

Investments consist of the following accounts at December 31:

	<u>2015</u>	<u>2014</u>
Certificate of deposit	\$ 105,209	\$ 104,895
Quasi-endowment fund	678,267	706,460
Construction fund	812,808	810,387
Education fund	12,859	13,103
	<u>\$ 1,609,143</u>	<u>\$ 1,634,845</u>

**HOSANNA INDUSTRIES, INC.**

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

**December 31, 2015 and 2014**

**NOTE C - PROPERTY AND EQUIPMENT**

Property and equipment consists of the following at December 31:

	<u>2015</u>	<u>2014</u>
Property and improvements	\$ 1,335,795	\$ 846,477
Vehicles	304,200	255,369
Furniture and equipment	283,539	304,149
Trade skill learning center	53,508	53,508
	<u>1,977,042</u>	<u>1,459,503</u>
Less accumulated depreciation	791,443	752,461
Property and equipment, net	<u>\$ 1,185,599</u>	<u>\$ 707,042</u>

**NOTE D - NOTES PAYABLE**

Notes payable consisted of two five-year, zero interest bearing vehicle notes, which matured in 2014.

**NOTE E - TEMPORARILY RESTRICTED NET ASSETS**

Temporarily restricted net assets were available for the following purposes at December 31:

	<u>2015</u>	<u>2014</u>
Trade skill learning center	\$ -	\$ 33,305
Hammers, hearts, and hands	25,000	37,943
Low income rehabilitation projects	183,588	108,001
Beaver Falls/Rochester rehabilitation	406	6,427
Education fund for staff scholarships	15,097	15,097
Other	25,080	4,210
	<u>\$ 249,171</u>	<u>\$ 204,983</u>

## **HOSANNA INDUSTRIES, INC.**

### **NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

December 31, 2015 and 2014

#### **NOTE F - OPERATING LEASES**

The Organization leases office equipment under operating lease agreements. Rental expense was \$3,937 and \$3,042 for each of the years ended December 31, 2015 and 2014, respectively.

Future minimum lease payments under noncancellable leases as of December 31, 2015 are as follows:

<u>Years ending December 31:</u>	
2016	\$ 3,937
2017	3,937
2018	3,937
2019	984
	<u>\$ 12,795</u>

#### **NOTE G - RETIREMENT PLAN**

The Organization sponsors a defined contribution retirement plan under Internal Revenue Code Section 403(b). Employees can contribute up to 25% of their gross pay, up to federal statutory guidelines. The Organization matches employee contributions up to 3% of compensation. Pension expense was \$7,843 and \$6,735 for the years ended December 31, 2015 and 2014, respectively.

#### **NOTE H - FAIR VALUE MEASUREMENTS**

The Organization measures its investments at fair value on a recurring basis in accordance with accounting principles generally accepted in the United States of America. Fair value is defined as the price that would be received to sell an asset or the price that would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value was derived using quoted market prices on nationally recognized securities exchanges. The estimated fair value amounts have been measured as of their respective year-ends and have not been re-evaluated or updated for purposes of these financial statements subsequent to those respective dates. As such, the estimated fair values of these financial instruments subsequent to the respective reporting dates may be different than the amounts reported at each year-end.

## HOSANNA INDUSTRIES, INC.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2015 and 2014

#### **NOTE H - FAIR VALUE MEASUREMENTS (CONTINUED)**

FASB ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation methods used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2: Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly, for substantially the full term of the asset or liability. Certificates of deposit were classified in Level 2 and were based on original cost, which approximates fair value.
- Level 3: Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported with little or no market activity). The Organization had no investments qualifying for Level 3 classification.

An asset's or liability's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The fair value of the Organization's investments were measured using the following at December 31:

	2015		
	Level 1	Level 2	Total
Certificate of deposit	\$ -	\$ 105,209	\$ 105,209
Money market funds	40,257		40,257
Mutual funds:			
Large-cap	487,588		487,588
Mid-cap	133,496		133,496
Small-cap	39,222		39,222
International/global	230,040		230,040
Hybrid/balanced	60,516		60,516
Fixed income/bond	452,970		452,970
