

VNA was founded in 1965 as a volunteer, community-based nonprofit home health care organization providing care to patients of all ages regardless of their ability to pay. Since that time, our compassion, innovation and expertise have made us a household name for quality care that families in western Pennsylvania have relied upon for generations.

Hosanna Industries, Inc. is a faith-rooted, 501 (c)3 non-profit organization in southwestern Pennsylvania. The mission includes new construction and repair/rehabilitation services for low income homeowners; leading volunteers in disaster recovery; and training young people in the trade skills to give them a hope for the future. Our typical single client household in 2012 had an income of less than thirteen thousand dollars a year. Since our founding in 1990 Hosanna Industries has provided nearly fifty million dollars worth of charitable work to the community for less than fourteen million dollars. Hosanna Industries depends on the generosity of others to complete our work.
